Education

Hunter College
Computer Science and Media Studies Majors
Mathematics Minor
Expected May 2020 | Current GPA: 3.68

Coursework

Web Production II
Digital Design Usability
Software Analysis and Design III
Computer Architecture II

Languages

Spanish
English
French

Computer Skills

C++
Adobe CC
Javascript
HTML / CSS
Python

Experience

College Assistant | Hunter College
September 2018 - Present
- Debug Code in C++ and Python with little to no documentation.
- Assist students in understanding key concepts in Object Oriented Programming.

Secretary | Esports and Game Design Collective, Hunter College
May 2018 - Present
- Record and transcribe meeting discussions for archival purposes.
- Produce and distribute promotional material throughout social media and campus.
- Organize on-campus and off-campus events and meetings.
- Communicate and coordinate with faculty and student body about events.

Peer Tutor | Bard High School Early College Queens
September 2015 - June 2017
- Assist students in STEM course related work, specifically in Calculus, Organic Chemistry, and Programming.
- Record information on students for future assistance.

Projects

Department Website Remake
December 2018
Final project for Web Production 1, this is a recreation of the Hunter Computer Science webpage to be more appealing and maneuverable.

Phoneme Library
March 2018 | February 2019
Second Project for Software Analysis, I remade the project one year later to increase code efficiency. Available on GitHub.

LinkMappa
October 2018
1st place of the Community Connected Category in Queens College hackathon, a web app that maps all recycling bins within NYC. Available on Github.
